

# Quality Policy

# Quality and improvements

Quality management is a line responsibility.

Hydrogen Mem-Tech shall deliver products on time and to the agreed quality.

Hydrogen Mem-Tech shall continuously develop its processes and procedures as well as monitor and enhance the competence of all employees.

The improvement system shall be used to actively achieve continuous improvement.

Hydrogen Mem-Tech shall work systematically and consistently with comprehensive risk management in all parts of the company.

Hydrogen Mem-Tech will clearly communicate this policy to all employees.

Thomas Reinertsen, CEO  
Trondheim, 20.11.2023
